In accordance with the requirements of Title II of the Americans with Disabilities Act of 1990 ("ADA"), the City of Hartford will not discriminate against qualified individuals with disabilities on the basis of disability in its services, programs, or activities.

The City of Hartford further advises the public, employees and job applicants that it does not discriminate on the basis of disability in its hiring or employment practices.

The City of Hartford will generally, upon request, provide appropriate aids and services leading to effective communication for persons with disabilities so they can participate equally in City programs, services, and activities. This may include sign language interpreters, accessible documents, and other accessible formats for people who have speech, hearing, or vision disabilities.

The ADA does not require the City of Hartford to take any action that would alter the nature of its programs or services, or impose an undue financial burden.
